### The legal bit.

The Reposit fee is **non-refundable** and cannot be offset against costs at the end of tenancy.

Just like with a normal deposit, **you remain liable for any outstanding amounts** due to the landlord at the end of your tenancy (e.g. cleaning fees, costs for repairs, outstanding rent), but with Reposit you only pay if they actually occur, rather than paying upfront.

In case of a dispute you will be charged £60 which will be refunded to you if your dispute is successful.
